M CITY 6 CONDOMINIUMS

**M CITY HAS ANIMATED
MISSISSAUGA'S SKYLINE WITH
ITS MAGNIFICENT PRESENCE.**

It has positioned itself as the city's most definitive mixed-use community by introducing a portfolio of grand, towering, and technologically advanced condominiums. The striking twin towers of M1 and M2, the soaring M3, the visionary M4, and the meditative M5 contribute to its iconic status.

Since its debut in 2017, M City has epitomized excellence in city-building, including strategic master planning, iconic architecture and design, innovative amenities, and new technologies. Recognized with the prestigious 'Project of the Year' award by BILD, the community takes pride in setting new standards. And now with M6, it pushes the boundaries even further, continuously redefining the possibilities of modern city living.

Illustration is artist's impression.

M6 IS A WORK OF ART.

**TIMELESS, SCULPTURAL,
AND METICULOUS.**

HERE, EVERY CURVE,

EVERY LINE,

AND EVERY ANGLE

IS AN EXPRESSION

OF DYNAMIC MOVEMENT.

Its form is a fusion of free-flowing curves and dramatic angles that converge in spectacular fashion. The tower's façade is punctuated by soaring vertical fins that come down to street level and frame the grand lobby entrance and public forecourt at its doorstep. Balconies morph and change shape across the building face, and cut away and reappear diagonally upwards to create a mesmerizing display of movement. Monolithic yet elegant, M6 represents the spirit of creativity and the transformative power of architecture.

The significance of M6 extends beyond its individual identity. As the centerpiece of a remarkable trio of buildings, it plays a vital role in bringing the final vision for M City's master plan into focus. Together with M7 and M8, these three stunning towers form a magnificent ensemble, where each contributes a distinctive voice, yet speak to one another in harmony.

Illustration is artist's impression.

Illustration is artist's impression.

North view

**AN EXCEPTIONAL
COMMUNITY.**

8 TOWERS.

15 ACRES.

4.3 MILLION SQUARE FEET.

M City is a master-planned community of magnificent proportions. Designed by Cooper Robertson, internationally acclaimed urban planners, it brings spectacular architecture, expansive green space, and modern lifestyle amenities into one landmark neighbourhood. With over 2 acres of new parkland and a dedicated connection to the Mary Fix multi-use trail and John "Bud" Cleary Park, M City embraces the relationship between natural and built-form environments.

Walkable and connected, M City is a people-first community. With generous tree-lined promenades, dotted with shops and cafes, minutes from transit options, including the forthcoming Hazel McCallion LRT, and Mississauga's prime attractions – arts and culture, shopping, dining, and schools, M City is at the centre of it all.

THE

BEAUTY
OF

FORM

Illustration is artist's impression.

Illustration is artist's impression.

Illustration is artist's impression.

LOBBY ENTRANCE

M6 extends the lively public realm first established at M1 and brings the one-of-a-kind streetscape treatment across the entire frontage of M City to its western boundary. This people-first community prioritizes walkability and connectivity. Its tree-lined promenades invite residents to stroll through the vibrant community filled with an array of shops and cafes, public art installations, and unique architectural seating to take it all in.

RETAIL PROMENADE

Illustration is artist's impression.

Behind the soaring tower, the podium is sculpted back to reveal a lush, meandering courtyard that encourages residents to enjoy the outdoors at street level and connect to the extensive open spaces that characterize the rest of M City.

Illustration is artist's impression.

COURTYARD

SUITES FOR

BORN OF THOUGHTFUL DESIGN AND METICULOUS DETAIL, SUITES AT M6 ARE MADE FOR LIVING.

With efficient and highly livable open-concept floor plans, kitchens with integrated appliances, smart storage solutions, custom-designed cabinetry, expansive windows, and private outdoor spaces. Refined yet practical, stylish yet comfortable.

LIVING

Personalization is key at M6. The material language is timeless and purposeful, offering three distinct finish packages and a range of options, to bring your own personal touch.

LIVE SMART

Connected lifestyle is a standard feature at M6. M City has partnered with Rogers to develop one of Canada's most technologically advanced condominium buildings. With access to a smart building ecosystem, every resident at M6 will enjoy a unique and frictionless living experience.

ROGERS SMART COMMUNITY™
In partnership with IVALET, Rogers Smart Community helps ensure safety and convenience are always at your fingertips. Every resident will have access to a smartphone-centric living experience, including hands-free digital building access, video guest verification, facial recognition, and more.

Ignite Internet™
Every suite comes wired with Rogers Ignite Internet Gigabit. With download speeds of up to 1.5 gigabits per second, you can enjoy the true freedom of a consistent connection, perfect for Netflix marathons, virtual meetings, online gaming, smart appliances, and so much more.

Wi-Fi Coverage
With an advanced fibre-powered network, you can enjoy secure, state-of-the-art, wall-to-wall Wi-Fi coverage in your home and throughout the amenity spaces at M6. The Rogers Ignite Wi-Fi promise delivers an effortless, connected home experience whether you're lounging on the couch or poolside with friends.

DAS System
A Distributed Antenna System (DAS) delivers Rogers wireless network throughout the building to increase wireless connectivity in places like the underground parking garage and elevators where it may be harder to get a consistent connection. That means reliable coverage to make calls, access data, stream music, and more.

ROGERS SMART COMMUNITY APP FEATURES:

This smartphone-based service with its wide range of app features keeps you connected to your home and provides the freedom to control your environment from the palm of your hand.

SMART LOCK
Every suite comes standard with an integrated smart lock for unprecedented access control directly from your phone.

SMART THERMOSTAT
Every suite comes standard with an integrated smart thermostat that allows you to control your home's temperature remotely and create heating and air conditioning schedules for comfort and energy efficiency.

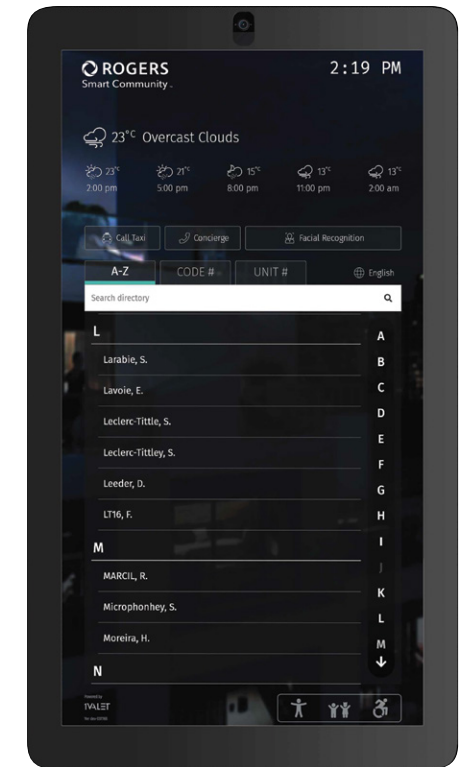

SMARTPHONE VIDEO CALLING
See who's at the building entrance before letting them in.

FACIAL RECOGNITION ENTRY
Enter your building with only a smile.

PACKAGE DELIVERY NOTIFICATIONS
Never miss another delivery notification.

DIGITAL KEYS
Enter your building and suite using only your mobile phone.

COMMUNITY MESSAGING AND AMENITY BOOKING
Receive building messages and news directly to your phone. Schedule and book your condo amenities from anywhere, anytime.

Rogers Smart Community and Bulk Internet Service monthly fees apply and are included in the common element budget. Refer to Condominium Documents for details.
*Speeds may vary with internet traffic, server gateway/router, computer (quality, location in home, software and applications installed), home wiring, home network or other factors. An Ethernet/wired connection and at least one additional wired or wireless connection are required to reach maximum download speeds of up to 1.5 Gbps for Ignite Internet Gigabit. See Acceptable Use Policy at rogers.com/terms.

DEVELOPMENT TEAM

M City is the product of many minds. From the award-winning development team to the internationally acclaimed architects and designers, urban planners, and engineers to marketing and sales professionals, this multidisciplinary group is inspired by a singular vision – to create a world-class community that will be a catalyst for the future of Mississauga’s City Centre.

ROGERS REAL ESTATE DEVELOPMENT LIMITED

Rogers Real Estate Development Limited is the owner and developer of M City. The company is part of an affiliated group of companies, which together represent the Rogers family private holding companies. The Rogers family private holding companies are the majority and controlling shareholders of Rogers Communications Inc., a leading diversified public Canadian communications company created by one of Canada’s all-time business giants, Ted Rogers.

The development of M City will continue Rogers’ long history in Mississauga. In the 1960s, Ted Rogers purchased 43 hectares of farmland in Mississauga on which to locate transmitters for one of his first business ventures, radio station CHFI. CHFI remains Toronto’s number-one rated radio station to this day. When the transmitters were relocated in the early 1990s, the site was retained by Ted and “we developed much of it and sold it to builders for new homes.” The current site was re-zoned in 2002 to allow for a wider possibility of land uses including increased residential development.

Rogers Real Estate Development Limited has engaged the services of Urban Capital to manage the development of M City. “It is our intention for the launch of M City to be viewed as a catalyst for downtown Mississauga and we are honoured to have the opportunity to transform a long-held family asset into a new, lively community in the burgeoning downtown.”

ROGERS REAL ESTATE DEVELOPMENT LIMITED

URBAN CAPITAL

Urban Capital is one of Canada’s leading developers with an award-winning reputation for architectural design, environmental sustainability, and a commitment to cities. Working in partnership with the best architects, designers and planners, the company is widely recognized for its pioneering role in bringing high-design urban living across Canada. Consistently named among the top 5 condo developers in Toronto, Urban Capital has over 10,000 condominium units developed or under development since 1996. With a reputation as urban regenerators, the company has brought its high standards and a visionary approach to neighbourhood-conscious developments in Toronto, Halifax, Ottawa, Montreal, Winnipeg, and Saskatoon.
